The Best
Pediatric CME
For The Best
Pediatric Care

What is a Practical Pediatrics CME Course?

Designed for pediatricians, family physicians, nurse practitioners, physician assistants, nurses, and allied health professionals caring for children, Practical Pediatrics CME Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics. Each course combines lectures, interactive seminars, and question-and-answer sessions to allow you the opportunity to interact directly with faculty in solving the problems you encounter in everyday practice.

Earn a Maximum of 17.25 AMA PRA Category 1 Credits™ Per Course

Register online at www.pedialink.org/cmefinder
or call toll-free, 866/THE-AAP1 (866/843-2271)

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

“This course lives up to its name by providing practical updates which are applicable to daily practice.”

– Sascha Frey, MD

Objectives

By attending a Practical Pediatrics CME Course, you will:

- Update your knowledge of clinical issues by reviewing hot topics and recent practical advances for your office.
- Increase your ability to diagnose and manage patients in your practice by analyzing and discussing cases with the faculty and your peers.

Why You Should Attend a Practical Pediatrics CME Course

- Weekend courses with half-day sessions combine continuing professional development with relaxation and recreation at great destinations.
- Top-quality education and an opportunity to talk directly with expert faculty provide current and practical pediatric information to take back to your office and use right away.
- Interactive, case-based sessions offer expert opinion about situations you encounter in practice.
- Hot-topic discussions cover the latest in pediatric medicine.
- Displays of the latest publications and health-care products keep you up to date.

Continuing Medical Education Credit

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates each of these live activities for a maximum of 17.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

These activities are acceptable for a maximum of 17.25 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

The American Academy of Physician Assistants accepts *AMA PRA Category 1 Credit™* from organizations accredited by the ACCME.

These live activities, Practical Pediatrics CME courses, have been reviewed and are acceptable for up to 17.25 Prescribed credits by the American Academy of Family Physicians. *Physicians should claim only the credit commensurate with the extent of their participation in the activity.*

Each of these programs is accredited for 17.25 NAPNAP CE contact hours per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

Disclosure of Financial Relationships and Resolution of Conflicts of Interest

The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve “off-label” use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of these CME activities does not necessarily reflect the view or policies of the AAP.

Faculty and Schedule Changes

Faculty and schedule information included in this catalogue is accurate as of September 2011. Faculty and schedules are subject to change to accommodate emergent situations. Visit www.pedialink.org/cmefinder for faculty updates and other changes.

Each Practical Pediatrics CME Course includes general session lectures and question-and-answer sessions as well as concurrent interactive seminars. Concurrent seminars are repeated each day, giving all course registrants the opportunity to attend three of the concurrent seminars during the course. See individual course description pages for a list of the concurrent seminars offered at each course and to select those you wish to attend.

In addition to educational sessions, courses feature exhibits, break times, and informal networking opportunities. Planned with plenty of free time for leisure activities, these courses provide a perfect mix of CME and R&R.

For individual brochures, including detailed schedules for each course, go to www.pedialink.org/cmefinder and click on the course of interest to you. Individual course schedules can also be requested by calling the AAP Customer Service Center at 866/843-2271.

Winter in Steamboat Springs offers more activities than you will have time to fully appreciate. With all the snow that falls in the area, people have to make hard decisions between having fun one way or another. There's really no wrong choice. Whether your favorite mode of sliding on snow is on a pair of skis, a snowboard, or cross-country skis, Steamboat will not disappoint. Take your pick between cruising groomed trails, hitting the moguls, flying through the terrain parks, or hiking in for some backcountry powder. The national forests and ranches around Steamboat Springs have the entire range of terrain for snowmobilers. Go out for an easy dinner snowmobile tour or push yourself to conquer the technical terrain of the forests and mountains. You can also try dog sledding through the trails surrounding Steamboat. Enjoy a ride through the quiet pines, stopping occasionally to appreciate the beautiful animals, the calm of nature, and the white landscape. A nighttime sleigh ride is the perfect opportunity for romance. The moon and stars provide the light for a dinner tour, making for a delightful and relaxing evening. Other winter activities for the whole family include helicopter sightseeing, hot-air balloon rides, photography tours, and many dining and shopping options. Travel Documents: Since March 1, 2010, all U.S. citizens—including children—have been required to present a valid passport or passport card for travel beyond the “border zone” into the interior of Mexico. The “border zone” is generally defined as an area within 20 to 30 kilometers of the border with the U.S., depending on the location. Regardless of the destination in Mexico, however, all U.S. citizens age 16 or older must present a valid U.S. passport book or passport card to re-enter the U.S. by land. A passport book is required to return to the United States via an international flight.

Cancún is a popular, fast-growing resort city on the Yucatan Peninsula on the southeast coast of Mexico. Warm, white, powdery sand beaches and turquoise, crystal-clear waters combine with a year-round tropical climate make this an ideal vacation spot. There are many world-class luxury hotels dotted all along the edge of the beautiful Caribbean Sea, and on the other side of the city is the Nichupte Lagoon, with many romantic waterside restaurants and trendy bars. Add in a full range of water sports, including some of the world's most exquisite snorkeling and scuba diving, plus championship golf courses, and you have a location that should appeal to everyone. If you like to enjoy a truly local atmosphere in a safe and friendly environment, downtown Cancún is the place for you. You will find many small, local restaurants offering regional and specialty cuisines, and some really cool bars and live music venues. There is a wide choice of shopping venues, from the Mercado 28 – a handicrafts market – to the super modern shopping mall, Plaza Las Americas. Cancún's Mayan Culture is its crowning glory. The aura of mystery and majesty still lingers around the Mayan ruins and archaeological sites such as Chichen Itza, Tulum and Coba, to mention just a few. These are all within easy reach of Cancún. For more information about the area, visit www.cancun.travel/en.

When your meetings and educational sessions end for the day, you'll want to relax and recharge. But not everyone plays at the same speed. That's why Orlando has entertainment options for everyone to enjoy. Among the many choices: fine dining, exclusive and budget-minded shopping, hot nightlife, sensuous spas, endless rounds of golf, and of course, world-famous Disney and Universal theme parks and attractions. Aquatica, Sea World's water park, immerses guests in the playfulness of the sea. Aquatica's signature attraction plunges riders in tubes through a crystal-blue lagoon that is home to playful dolphins. Families will enjoy the water park whether they want to "dive in" or not. In addition, Orlando is a virtual year-round summer of outdoor fun. With more than 2,000 lakes, springs and rivers, the area offers unlimited boating, canoeing, tubing, jet-skiing, and water-skiing opportunities. Numerous ecotours offer an insider's look at natural Florida, from cruises through the headwaters of the Everglades to bird- and gator-spotting excursions. Shopping is a thrill ride of its own in Central Florida, where a wealth of fashion-forward stores, boutiques, and outlets are a gold mine for visitors. Don't miss The Mall at Millenia, Park Avenue in Winter Park, and the Florida Mall. For more information about the area, go to www.visitorlando.com.

San Francisco is often called “Everybody’s Favorite City,” a title based on its scenic beauty, cultural attractions, diverse communities, and world-class cuisine. April in San Francisco marks the start of San Francisco’s festival season, highlighted by the annual Cherry Blossom Festival and San Francisco International Film Festival. This very walkable city is dotted with landmarks like the Golden Gate Bridge, cable cars, Alcatraz, and the largest Chinatown in the United States. A stroll of the city’s streets may lead to Union Square, the Italian-flavored North Beach, Fisherman’s Wharf, the Castro, Japantown, or the Mission District, with intriguing neighborhoods to explore at every turn. Views of the Pacific Ocean and San Francisco Bay are often laced with fog, creating a romantic mood in this most European of American cities. San Francisco is home to world-class theatre, opera, symphony, and ballet companies and often boasts premieres of Broadway-bound plays and culture-changing performing arts. This is also one of America’s greatest dining cities. The diverse cultural influences, availability of the freshest ingredients, and competitive creativity of the chefs result in unforgettable dining experiences throughout the city. Located off the southernmost tip of South Carolina and warmed by the breezes of the Gulf Stream, Hilton Head Island is nature's perfect year-round playground for visitors of all ages.

The 42-square-mile island is 90 miles south of Charleston and 30 miles south of historic Beaufort. Hilton Head's natural environment provides a relaxing, non-commercial atmosphere. Salt marshes, networks of lagoons and creeks, forests of moss-draped oaks and magnolias, and 12 miles of sandy beaches are interspersed with championship golf courses, tennis courts, fine restaurants, and luxurious hotels and resorts. For families, there are dolphin-watching cruises, parks and playgrounds, museums and art centers, 50 miles of paved walking and biking trails, and many other activities for children and teens. There are more than 250 restaurants on the island – everything from fast food to gourmet – and over 200 shops, ranging from elegant boutiques and art galleries to indoor malls with major department stores. During the entire month of May, Hilton Head Island celebrates its BRAVO Arts and Cultural Festival, a month-long program of drama, comedy, concerts, art exhibits, and other cultural events. For more information on Hilton Head's attractions and family activities, go to www.hiltonheadisland.org.

If you're already familiar with the major New York City attractions, here are some less touristy places you'll enjoy, places where New Yorkers live and play. You can start with the Time Warner Center, a glitzy retail emporium located on Columbus Circle at the southwest corner of Central Park. On the fourth floor are two of New York's best dining rooms: Chef Thomas Keller's Per Se and Masa Takayama's namesake sushi restaurant. From Time Warner you can also enjoy spectacular views of Central Park. The West Village neighborhood of quaint brownstones clustered along tree-lined, cobblestone streets remains virtually unchanged since the 19th century. Highlights include the Jefferson Market Courthouse and the shops along Bleecker St. and Commerce St., the most beautiful block-long side street in the city. Pizza lovers will appreciate Grimaldi's, a coal-fired pizzeria under the shadow of the Brooklyn Bridge. Not only will you get a memorable meal, you'll also get a memorable view of Manhattan from one of the oldest and most picturesque parts of Brooklyn. Grand Central Terminal – don't call it Grand Central Station – is a living, bustling temple to New York's illustrious past. You can gaze at the celestial ceiling mural above the vast main concourse and mingle with the commuters in the gourmet culinary market. For more information about the area, visit www.nycgo.com.

Located along the Southwest Gulf Coast of Florida just south of Naples, Marco Island is truly an island in the sun. Four miles wide by six miles long, the island is the largest of Florida's picturesque Ten Thousand Islands. It is graced with miles of white-sand beaches, luxurious real estate, beautiful year-round weather, sumptuous restaurants, world-class shopping, lively entertainment, and abundant recreational activities, from boating and fishing to golf and tennis. Rated as one of America's most desirable places to live, Marco Island is known for its easy-going, laid-back lifestyle. The island is surrounded by miles and miles of pristine, uninhabited islands and is just north of the 5,000-square-mile Everglades National Park. Virtually everyone who visits the Paradise Coast – Naples, Marco Island, and the Everglades – eventually winds up on the water. With the Gulf of Mexico's tranquil waters and the extensive system of backcountry mangrove estuaries, the area is filled with natural beauty, including fish and wildlife ranging from birds to dolphins, manatees, and sea turtles. You can take a nature cruise in the morning to view alligators in the Everglades or dolphins in the Gulf of Mexico. In the afternoon, lounge on warm sand, visit the Naples Zoo, or go shopping; and then enjoy a freshly caught seafood dinner in the evening. For more information about the area, go to www.paradisecoast.com.

"Great locations with wonderful speakers whose presentations are very relevant and up-to-date."

– Christine Jelinek, MD, FAAP

As temperatures drop to invigorating levels and the snow begins to fall, there are many new things to see and do around the Windy City. Navy Pier transforms into the Winter Wonderfest during the first week of December, encouraging visitors to celebrate the season with inflatable games, an ice rink, a holiday train ride, live entertainment, and a holiday-themed Ferris wheel. Ice skating at Chicago's Millennium Park is one of Chicago's most popular winter activities, as skaters enjoy festive music and views of the city's skyscrapers. The annual Christkindlmarket in Daley Plaza is a large outdoor holiday market based on the traditional German Christmas markets. It features more than 50 timber cabins offering handmade glass ornaments, wooden toys, cuckoo clocks, nutcrackers, and other holiday accoutrements. Traditional German and American food make this attraction a real holiday favorite. Lincoln Park Zoo welcomes the winter season with its annual ZooLights extravaganza, a time when parts of the zoo are transformed into a winter wonderland complete with ice carvings, decorated trees, and festive decor. Visitors can get pictures with Santa, visit decorated animal exhibits, and participate in family arts and crafts activities. For more information about winter attractions in Chicago, go to www.explorechicago.org.

Concurrent Seminar Selection

You can attend one concurrent seminar each day in the subspecialty of your choice. To allow more informal interaction with the faculty, attendance in each seminar is limited. Confirmation of your concurrent seminar registrations will be included in your on-site registration packet.

Registration

Using your VISA, MasterCard, American Express, or Discover, you may register online at www.pedialink.org/cmefinder, fax your registration to 847/228-5059 or 847/228-0604, or call toll-free 800/433-9016, option 3. Outside the United States and Canada, call 847/434-4000, option 3.

Please have your credit card and concurrent seminar selections ready prior to calling. If your membership status has changed or lapsed, the registration staff will charge the appropriate fees accordingly.

Educational sessions as well as food and beverages provided during the course are intended for course attendees only. Lodging and meals, other than specified, are not included in the registration fee.

On-site registrants are welcome. Availability of course materials cannot be guaranteed for these registrants, however, until after the course.

Comprehensive Course Syllabus

As part of your registration, you will receive course materials containing useful information that supports and augments the educational sessions. This comprehensive syllabus is designed to be a valuable take-home reference tool. You will receive your syllabus on site.

2012 AAP CME Schedule

● Practical Pediatrics CME Courses
Designed for pediatricians, family physicians, nurses, nurse practitioners, physician assistants, and allied health professionals caring for children, Practical Pediatrics CME Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics.

❖ PREP® The Course
An intensive review and update of pediatrics and a unique component of the American Academy of Pediatrics overall educational program. While the course content is based on the content specifications issued by the American Board of Pediatrics (ABP) for Maintenance of Certification™ (MOC), the course also features case-based sessions, hot topics and visual diagnosis components related to the latest information on clinical practice.

★ Subspecialty/Section CME Courses
Appropriate for the pediatric subspecialist or the general pediatrician with a particular interest in the topic.

▲ AAP Experience www.AAPexperience.org
The AAP National Conference & Exhibition (AAP Experience) features educational sessions in over 60 topic areas to suit a variety of learning styles. Home to the largest pediatric technical exhibit, NCE showcases the latest pediatric products and services, as well as AAP educational and professional resources and programs. The NCE also provides countless premier social events, networking opportunities, and tourism packages for attendees and their families.
