● Practical Pediatrics CME (PPC) Courses

Designed for pediatricians, family physicians, pediatric nurse practitioners, and allied health professionals caring for children, Practical Pediatrics CME (PPC) Courses feature nationally prominent faculty presenting topics that highlight current issues in pediatrics.

❖ PREP® The Course

An intensive review of pediatrics and an integral component of the American Academy of Pediatrics overall educational program. The course content is based on the content specifications issued by the American Board of Pediatrics (ABP) for Maintenance of Certification™ (MOC) in Pediatrics.

★ Subspecialty/Section CME Courses

Appropriate for the pediatric subspecialist or the general pediatrician with a particular interest in the topic.

▲ National Conference & Exhibition (NCE)

The National Conference & Exhibition (NCE) features educational sessions in over 60 topic areas to suit a variety of learning styles. Home to the largest pediatric technical exhibit, NCE also showcases the latest pediatric products and services, as well as AAP educational and professional resources and programs. The NCE also provides countless premier social events, networking opportunities, and tourism packages for attendees and their families.
